KPFA FOLIO * DECEMBER

Program Folio, December 1966

Vol. 17, No. 10

KPFA's program listings, in the form of this Folio, are published monthly as a service to subscribers who support our non-profit, non-commercial station at the yearly rate of \$15.00 (student subscriptions, \$10.00). All contributions are tax deductible.

On the air: Mon.-Fri., 7:00 a.m.-midnight; Sat. and Sun., 8:00 a.m.-midnight. Listeners in certain parts of the East Bay who have difficulty receiving KPFA clearly can hear all these programs on KPFB at 89.3mc.

KPFA is owned by Pacifica Foundation, a non-profit institution. Other Pacifica stations are KPFK, Los Angeles 38, California, and WBAI, New York 16, New York. Subscriptions are transferable. The duration of programs scheduled is approximate. Dates after listings indicate past or future duplicate broadcasts; and indication of the time for such scheduling refers to a more detailed description of the program. An asterisk preceding a music listing means the performance is not commercially available.

sam

Born in Berkeley of a firmly settled family of gold rush stock, she began art school at the age of 10 and went on to win a scholarship to the California College of Arts and Crafts, then attended the San Francisco Academy of Art.

Sam and her husband are both successful advertising artists, now residing in Sonoma County.

She is currently working on a long range project for Encyclopedia Britannica a pleasant task involving the illustration of an educational series for small children.

Sam's pet project is to build a full scale baroque Merry-go-round, laden with mythical beasts. She plans to begin carving in the near future.

There is a one man show of her work currently on display at the Cloutier et cie Galerie, 1878 Union Street, San Francisco.

Children's programs have a Folio all their own. See page 9.

LETTERS

Not too many people wrote letters in specifically for publication in the FOLIO, so once again--since we think it important to share with you representative letters expressing the views of listeners--we have selected letters from the regular station mail. Since there remains a question in our minds about the propriety of printing the names of writers without being sure they would like their names so used, we print those letters taken from regular station mail without signature. We'd much prefer to have letters written in specifically for the FOLIO, however.

. . . how is KPFA relevant to our lives? Yes--the news is great; except that the times it is on are the worst possible for a family with school children and a working father (which I would assume are many listeners.) Yes, some things are great, for instance the Bertolt Brecht play, some other stuff.

But . . . lately, it seems to me you are somehow out of touch. For instance, did you notice on the Marathon? People called in requesting the Beatles and the Stones and like that (Dylan, etc.) And what do you put on all day music wise? Choral concerts, string quartets, etc. Some classical music . . . great! But my god all day? It gets to be a drag! So--I turn off KPFA and play some new records that could have been money contributed to you. (Fold etc. How about Paul Butterfield?)

Also--like abstract discussions on changes in education. Now that's great--we need to change the schools--but somehow these discussions are not rel-

evant to our lives. Parent-listeners think, "What can we do with our children to get along better?"--OK. We should change the schools--how? KPFA could be supplying thoughts on practical, effective way of changing society. Let's get down to the nitty-gritty!!! Intellectual abstractions are all fun but a steady diet is dead dull boring. Please--I hope you will see what I am trying to point out. I am not alone in this. A few other KPFA listeners agree. TUNE IN or I'll TUNE OUT!

* * *

I do not listen regularly to (the News) but feel glad that the once or twice a week that I miss the evening news, I know I can get it the next morning is a comfort. As I am a very "feisty" sort of person and will not pay for bad newspapers, the KPFA news is my main news source (and Edward Morgan.) This--to the extent that my current teacher, in this audio-visual oriented college (San Jose State,) thinks and says I'm odd because I don't watch T. V.

In fact, I'm becoming disturbed by the apparent uniblical cord which attaches me to blessed KPFA. Being considerably at odds with my culture and country--I have been thinking of going elsewhere to live and work. So help me--what keeps me here? In large part KPFA. The sound of sanity, even if that sanity is being tortured.

The station and its staff of familiar names and voices is so important to me, in an involved sort of way, that I suspect McLuhan would have classed Pacifica-type radio (at least KPFA) as the 'cool' or

... more LETTERS

participation type medium, but having still the 'hot' or explicit type of content. What does this do? Raise the temperature to that of super-heated steam? It certainly does not cool us off any. This station and Manas magazine are the two phenomena which keep me from giving up trying--for what? The perfectibility of man? How would I know?

A thought just occurred to me--something that may not be feasible right now, but there is no technical obstacle that I know of. What would be the relative cost of direct wire service into the home? It probably could come in on the existing phone line at a different frequency. This listeners would have to subscribe to listen, no freeloaders. Hm! I guess this is out--can't listen sitting on a park bench with a portable that way. Oh well. Back to fund-raising.

I've been wanting to tell you again of your value to me, and it sort of exploded in this letter.

I like the new folio in spite of the printing problems, improvement every time, and the handprinted script touches are a pleasant touch. . . .

Could you send a dozen of the November Folios with the balance of the Festival of American Arts and Humanities programs? The Embassy is anxious to know what happened to the rest of them. . . . the October Folio looked great. I really think the size is an improvement; more like a magazine and less like an advertising circular. People I showed it to were impressed; in many respects, the Folio tells more about programs than the Radio Times (BBC), except for feature programs which are sometimes given short articles.

Just finished listening to another in D. G. Bridson's series of BBC documentaries, "America Since the Bomb." Heard the familiar voices of Mandel, Dale Minor, and Mort Sahl (along with Ike, Dulles, et al.)

John Whiting

Bravo for Nathan Oliveira's drawings. Down with your methods of integrating art with text. I am greatly annoyed on the artist's behalf.

You begin by mis-spelling his name. Your reversal of the drawing on page five, (a positive-negative reversal, and not a left-right reversal as your acknowledgement implies,) is a presumptuous editing of original work, and destroys entirely the artist's intention. (I take it for granted that you did not have his approval.)

Moreover, the figure drawing on page eleven has been ineptly and inexcusably cut. You should either reduce a drawing until it fits your available space or give it all the room it needs. Arbitrary alterations, in any form, are an insult and affront to your contributing artists.

Drawings are not meant merely to plug up space. They should play their full part in the total visual arrangement of heading, text and margin.

Mr. Oliveira was consulted about the use of his drawings and graciously gave his approval. This fact may not alter the merit of the criticism, however, for it may be likely that his approval was granted out of good will to the station. We hope to be able to devote an entire Folio to his work soon. As for the mis-spelling of his name--that, of course, is without possible excuse, and we offer our apologies.

In answer to your appeal for opinions I am continuing the morning news broadcast--we are all here, heartily opposed to it, and will be quite happy to learn it is being discontinued. WE WANT MUSIC FROM 7 A. M.

Also, we can't get excited about Lou Hartman's Feedback. Somehow, it just doesn't come across to us. If it is popular enough to continue, why not move it out of the 7 to 9 a. m. time, and let us have our music? Thanks.

P. S. Yes--I can read my news, but not music.

Pardon the card--but I do not have time for a letter. Did not get my folio until 2 days late but I am beating the P.O. about it. Sorry I was so positive

last time--Folio is better this time--in every way--still do not think the midpage Calendar is worth it. Do not like Hartman invading the concert in the morning--let him come after. Letters are good--always thought this should be a weekly of 15 minutes following Report to Listener. In fact--now that I've looked at the November Folio again--it's very good. . . .

At the moment we have no money to send but we love your programs. Please send us a sample program list and details on how to get the lists regularly.

I don't think I've ever heard a record with a crack in it played on the radio, till just now.

At the time I am writing this letter I am very DISGUSTED with your station, it is now the 4th of the month and I have not yet received a copy of the K. P. F. A. portfolio. You people are always harping about why people don't subscribe if they listen to the station all the time, well I subscribed and paid my \$15.00 so what happens how in the Hell do I find out what's on if I don't have a program guide.--don't give me the jazz about the cops were late from the printers or you got to the printers late. If you people can't get the program guide out on time why don't you fold up and return the subscriber's money back. This is the second time this has happened the program guides are always at least 5 days late. Why don't you people make a refund to the subscriber's every time the program guide is late you figure it out if the program guide is late say on an average of 5 days each month. That's 60 days or 2 months that we are missing out on what's going on. I figure you owe me 2 extra copies on my subscription and the other listeners also. If this keeps on happening you can forget about my re-newing when my subscription runs out. Sometimes I phone the station to find out what time a particular program will be on. but your staff is NO help. It as though I were bothering them it's too much trouble for them too look it up and tell me. I hope you remember my Name because each month the Portfolio is late you will receive a letter from me giving you what for.

This letter provides as good an opportunity as any to offer the reminder that subscriptions to KPFA are to support the station. The Folio, one of the services the station provides, is provided only to subscribers, but is, in itself, not what the subscription is for.

As a former subscriber who has not subscribed for several years, the only reason that I can figure out for why I have not subscribed recently is that not enough personal pressure has been brought on me to accept this responsibility. Consequently the only suggestion I can make is to keep preaching the message and to get people to talk to their neighbors and friends. I would be glad to again conduct a little neighborhood campaign myself for this important cause. How about sending me some material, e.g. sample folios, etc., to pass out to prospective subscribers.

Will do. Anyone else?

Enclosed is \$6.00, a miserable amount of cash to contribute for all the wonderful programs you offer. I especially enjoyed the Zagreb Festival presentation of contemporary music, to mention but one. Above all I am grateful for the political news. Just now wrote to that effect to Marshall Windmiller. And of course, my old family friend, Elsa Knight Thompson. The new, larger folio is fascinating, and far easier to follow. My total income is less than what is taxable (social security so-called retirement check.) So--you see. Thank you! All of you.

We have recently purchased an FM radio for the sole purpose of listening to your station. Enclosed you will find a check for \$15 for the program schedule

... if I weren't a poor starving graduate student I would like to send more. Your news is the best I have ever heard. We struggled for an entire year gritting our teeth over the news on AM radio.

Enclosed is a change of address card (to Portland, Oregon.) We'd still like to receive the folio so we can drool over the programs we're missing. If you can figure out a way to send the programs, we'd like those too. We've given up listening to the radio since we've moved, except for the long wave aviation weather forecasts. We were in Berkeley so long that we'd forgotten how absolutely terrible commercial radio is. We miss you.

I have been listening to KPFA for quite a while, and I've been enjoying it quite a bit. I've also decided that it's time I should stop stealing my parents' folio and subscribe myself. I am a student at U.C. and am enclosing a check for ten dollars.

Thank you for the handsome folio. I think it is wonderful and easy to read. But does it make more money for my favorite station? I want the folio that is the most lucrative for KPFA. My favorite programs are those taped at a concert or a talk I could not attend. I feel it a real bonus. I liked the Oberlin College tape today. Are there more music center tapes available like Juilliard, Wisconsin and Indiana?

For Pete sake ... I heard Feed-Back this A. M. Only listened because I heard someone raving about him. He only spoke about 9 min. and I missed the start--he's great. Why is he on at that hour when everyone is rushing like mad to get going? Please put him on in the eve. and for longer than 15 min. Who is Hartman? ... Hartman would be good before the News. Can hardly wait to hear him again, and have to leave the house at 7:15 in A. M. !!!

On your question of News, don't want news repeat in the morning. Never listen to it in morning. On evening News, could you have a very brief report on stock market, up, down, Dow Jones, etc? Also have it either at end or beginning of news report. Many times my husband would rather read the news than listen to it but he does want the stock market for the current day.

I welcome your forum of letters and am encouraged to write what I would like to hear--more radio dramas, please! As far as I can discern, only two plays have been presented in October after 6 p.m. This seems a very meagre ration. It would also be helpful if you would print the names of the cast as you do for opera. This would help us to locate the plays easily in the folio, as well as giving information most play-followers are anxious to have.

Martin Esslin's talk was excellent; exciting, something to remember gratefully.

The programs do at times seem unbalanced, for instance today I see two doses of poetry--no real complaints, but couldn't such treats be spread out? Have you ever considered late-night poetry readings? How about a sampling of some of the alltime greats, read by your staff? At times, incidentally, your voices sound like anemic orphans. Surely there are some dynamic characters among you? There may soon be a KPFA voice like, horrors, the worst BBC.

KEEP THE A. M. NEWS. Furthermore, let's have rebroadcasts of the news on Sats. & Suns.

I too am disappointed to find programs I have specially earmarked "unavailable for broadcasting." This happened to me three times in one day. Probably just a bad coincidence, but shocking publicity for you.

All in all, I feel you give good value for money. I like the folio presentation, whatever the size, and the art work is enterprising and interesting to me. But please--more plays!
